Fabian and Chantel are proud parents of Bernarda who is 5 years old and Isaías who is 3. They are very excited to finally have a permanent, safe and affordable home for their family. They are looking forward to starting on their house and learning how to take care of it inside and out through all of the Home Owner Readiness Classes.

"We are a young couple wanting to own our own home. We don't want to be renting all our life. We are happy that we will be able to provide a home for our 2 children to grow up in and to make memories for life. I am a landscaper and am looking forward to having a beautiful yard for my family. We have friends who have a home with Habitat and they have told us how great the program is. Thank you Habitat for giving us this opportunity. We are so happy!"
